Info Security Products Guide Names RHUB TurboMeeting [Web Conferencing](#) Appliance Winner of the 2008 Global Excellence in World's Best Software Product/Service Award

RHUB TurboMeeting 200 Gains the Highest Trust of Customers Worldwide

Santa Clara, CA – February 6, 2008 – RHUB Communications, Inc. (RHUB) announced today that Info Security Products Guide, a Silicon Valley Communications publication focusing on security-related products and technologies, has named RHUB's TurboMeeting 200 On-Premise Web conferencing appliance winner of the 2008 Global Product Excellence in World's Best Software Customer Trust Award. This customer trust honor is the greatest endorsement of the fact that the RHUB TurboMeeting 200 On-Premise Web conferencing appliance is ahead of the curve when it comes to the best-of-the-best products that provide the highest security.

The RHUB TurboMeeting 200 On-Premise Web conferencing appliance provides state-of-the-art conferencing with enhanced security and performance. The TurboMeeting 200 is ideal for sharing and collaborating confidential and proprietary data. Both transmission and access security are provided as well as a full suite of Web conferencing meeting type. In addition, the 200 takes full advantage of the revolutionary "Universal Access" capability of the TurboMeeting software. Any attendee with a browser can join the meeting.

"It's time for technology companies to focus on innovation and growth now," says Rake Narang, Editor-in-Chief of Info Security Products Guide. "Product innovation and customer trust are key to trouncing global economy uncertainties in 2008. We are pleased to honor RHUB's TurboMeeting 200 as winner for 2008 and all the finalists who participated."

"Info Security Products Guide's recognition of TurboMeeting further validates our product as excellence-in-class and ahead of the curve," says Larry Dorie, CEO of RHUB. "Customer Trust is of the utmost importance to every one of us in our company, and customer satisfaction - the key to our success – is demonstrated by this award."

Winners were honored in the heart of Silicon Valley at an award ceremony held during the Technosium 2008 Conference and Expo, which is supported by Silicon Valley Communications, San Jose Mercury News - The Newspaper of Silicon Valley, Wi-Fi Alliance, Trusted Computing Group, Information Security Professionals Association, Network Products Guide, Personal Broadband Industry Association, Covenant, Wireless Communications Alliance, Info Security Products Guide, Stanford Graduate School of Business and Smart Capitol Venture (SCV Network).
